Investment policy

The Fund aims to achieve a gradual and steady growth of invested capital with a time horizon of at least 3 years. Its main focus is based on the European corporate bonds sector with particular bias on financial Companies: Banks and Insurances. The Fund aims to exploit value selecting the best issuances from each Issuer keeping into account expected return and volatility deriving from risk profile. A number of factors are taken into account to assess prospective risks (Capital solidity, market positioning, product mix and ALM profile). Currency and duration risks can be hedged (totally or partially) according to market conditions. The Sub-fund combines senior and subordinated bond instruments in one flexible solution.
