### Investment policy

Anthilia Red invests through a flexible equity investment strategy. The sub-fund invests mainly in Euro-area stocks. Selection of investment opportunities is based on macro and fundamental analysis techniques. The Manager combines a Macro multifactor model based on technical and fundamental indicators together with an accurate bottom up Equity analysis. The Team meet directly CEO and CFO of the holding companies and leverage broker information with direct access to Company Management. Investments in mid and small caps (lower than 1 billion EUR Mkt cap) cannot exceed 50% of fund's net asset value. The fund may invest in listed financial derivatives for: hedging risk, managing portfolio efficiently, investing purposes. Global risk exposure attributable to financial derivatives cannot exceed 50% of fund's net asset value. Investment approach and strict risk management discipline guarantee maximum liquidity of portfolio holdings on a daily basis. The sub-fund cannot invest in corporate bonds, OTC and credit derivatives, options, covered warrants and asset backed securities (ABS).
